

CANADIAN STAFFING INDEX CONTINUES UPWARD TREND

July 17, 2012, Mississauga, ON – The Association of Canadian Search, Employment and Staffing Services (ACSESS) releases the Canadian Staffing Index for June of 2012.

The Canadian Staffing Index was 109 in June of 2012, a 2% increase over the Index value of 107 in May, and 21% year-over-year increase from June of 2011.

“June is the ninth consecutive month with the Index above one hundred, and shows double digit year-over-year growth and clearly demonstrating that the industry is solidly above pre-recession levels in terms of the volume of demand for temporary staffing”, says Timothy Landhuis, Research Analyst at Staffing Industry Analysts.

Bryan Toffey, ACSESS National President, and Regional Vice-President of Aerotek’s Canadian Operations, notes “ACSESS and our staffing industry members continue to be encouraged by these results which are generally reflective of positive business reports, and which we also believe give a true “pulse” on the Canadian economy”.

The Index score of 109 measures the hours of labour performed by temporary and contract staff in June of 2012 compared to the benchmark index of 100 established in July of 2008.
